ULTRALON CLOSED CELL FOAM MAT \$22.95

No sleeping mat survey would be complete without the addition of a pale blue closed-cell foam mat. And what can we say about this classic? Is it comfortable? No. Is it warm and reliable? Yes. Does it pack down small? No. Is it light? Yes. Is it cheap? Yes. Perfect for the young (who don't know any better). Weight: 320 grams; dimensions: 185 x 50 x 1; R-value: unrated.

Outdoor Agencies: 1300 784 266

■ Bugs Away!

The Exofficio Bugs Away Baja shirt protects from insects, harmful UVA and UVB rays and uncomfortable climates. The ventilation panels provide climate control to keep you cool and the odourless Insect Shield treatment, which repels biting and potentially disease-carrying insects will last for 70 washes. These lightweight and packable shirts are quick drying so you can throw it on without having to worry about the old drip-dry.

RRP: \$139.95 www.exofficio.com
