## Elderid Fraggles

The Elderid Fraggles is a padded full body harness for children up to 40 kg. Its padding helps maintain its shape and makes it easier to put on and take off. The Fraggles is a fully-fledged harness with an additional tie-in loop at the back for securing when on rough or steep terrain.' **RRP \$99.95, [www.outdooragencies.com.au](http://www.outdooragencies.com.au), 1300 784 266**

'Ingenious! The Elderid Caddy is quite simply a revolutionary rope bag designed to keep things simple. The rope is housed in a flexible cylinder in the middle of the tarp to prevent knots and tangles. At the end of the day, simply lift the tarp at the four tie-in corner loops, and the rope slides straight back into the cylinder. Comes with a padded shoulder strap for easy carrying down to the crag. **RRP \$79.95, [www.outdooragencies.com.au](http://www.outdooragencies.com.au), 1300 784 266**
